

## **AI Declaration Statement**

I hereby declare that this dissertation is the result of my own independent work. I confirm that I have not engaged in any unethical or inappropriate use of Artificial Intelligence (AI) tools to generate, modify, or manipulate the content of this dissertation in a way that misrepresents my original contribution.

I acknowledge that AI tools may be used only for limited purposes such as grammar checking, formatting, or language refinement, but not for generating research ideas, literature review, data generation and analysis, or critical discussion that constitutes the core academic contribution of this work.

If any AI tool has been used in a legitimate and ethical manner, I have fully disclosed such usage in this dissertation and provided supporting evidence (e.g., screenshots, prompt history, or outputs) as an appendix to demonstrate transparency.

I understand that failure to comply with this declaration, or providing incomplete disclosure, constitutes academic misconduct and will be subject to disciplinary action under the Faculty/University regulations.
